
Hospital Tour

Posted by Chris Muck - 2008/03/12 23:50

The Junior Chapter will be doing an event of the Andrew J Peterson foundation - date to be determined - that will benefit the ICU and Shock Trauma Units at the Intermountain Medical Center. On the 24th of March there will be a tour of these facilities. I believe that this will be beneficial to see what it is our aid will be benefiting.

Intermountain Medical Center
5121 South Cottonwood Street
Murray, UT 84157

We will be touring the ICU and SHOCK TRAUMA units beginning at 2:30. We will meet in the N4 Conference room which is in the building with the ICU units. You would drive in off of State Street and go around to the back of the buildings and park.

For further information you may contact Marci Peterson directly at 801-835-6764.
